ILINA ALBINA

🎂 14th Aug 2001   ⚡ lifalb   @ ilina.albina@phystech.edu   📞 +7(912)010-59-47   📍 Moscow, Russia

EDUCATION

Phystech School of Radio Engineering and Computer Technology

Moscow Institute of Physics and Technology (National Research University)

📅 2019 – present   📍 Moscow, Russia

- GPA: 4.3/5.0
- Teached Math for high school students

Phystech-Lyceum

📅 2017 – 2019   📍 Dolgoprudny, Russia

- Got 100 out of 100 points for the Unified State Exam in Math
- Successfully participated in different Math school olympiads

WORK EXPERIENCE

NLP Engineer

SlickJump

📅 October 2022 – Present   📍 Moscow, Russia

- Built recommendation systems using handcrafted rules and NLP models
- Collected and analyzed data with the use of SQL

Intern NLP Engineer

IPavlov

📅 June 2022 – September 2022   📍 Moscow, Russia

- Researched NER tasks using Natasha package, built entity recongition
- Optimized chat-bots response time using tensorRT which resulted in 100x speed-up

Intern Analyst

Raiffeisenbank

📅 July 2021 – December 2021   📍 Moscow, Russia

- Worked with and analyzing DWH systems
- Reported on results in Jira and Confluence

PERSONAL INTERESTS

Yoga   Jogging   Snowboarding   Photography   Travelling

PROFESSIONAL SKILLS

Programming: python
Machine Learning: pytorch, gensim, natasha
Devops: linux, bash, docker, postgreSQL, git

STUDY PROJECTS

News Recommendation System (Bachelor thesis)

📅 August 2022 – Present

- Scraped news from different news websites and preprocessed received data
- Research of approaches to the development of a recommendation system for the news feed

Supervised Learning Course

📅 January 2022 – May 2022

- Implemented Naive Bayes, Gradient Boosting. Worked with datasets and dataframes

The Institute for Information Transmission Problems

📅 September 2020 – May 2021

- Worked with and explained for other students different new articles from arXiv related to Telecommunication
